

WORLD PREMIERE

MINECRAFT THE EXHIBITION

ON VIEW OCTOBER 19, 2019—SEPTEMBER 7, 2020

Organized by the Museum of Pop Culture and curated in partnership with Mojang — the creators of *Minecraft* — this exhibition highlights the amazing creations and accomplishments achieved both inside and outside the game, and will inspire visitors to explore, build, create and collaborate.

Designed for players and non-players of all ages, the exhibition celebrates the game's 10th anniversary by exploring how *Minecraft* has developed into a platform for unlimited creative expression, community-crafting, and inspiration to build a better world outside of the game.
