NASA sending someone else to “break the bubble”

321 Blast Off!

Today we have scientist Dr. Alex Woods. Hello!

We are baffled about this bubble protecting planet Soteria. All we know is there is something on the planet. It's probably dangerous.

Ryan entered the bubble.

Back at NASA.
Ryan, do you copy?

AHHH!!

Hey!

I am Wally Fefer.

And I am Sally Fefer.

Crunch
They were going to kill us.

They did not want us.

We were created by NASA.

A nice man saved us.

We have a phone to talk to him.

You owe me 5 spiders.

On my planet, we owe soda.

We are running out of food and water.

They agreed to kill us.

Instead he made this planet.

Jinx.

Weird.
We need to get you out. How?

First we need to call the boy who saved you.

His name is Nate.

Nate, do you copy?

This is Nate, I copy.

We need you to come.
2 hours later

- You have a flying car?!
  - Ooh

I'm Nate and I'm Ryan

Enough chit-chat, let's get to work!

We need to live on earth

How?

Maybe we can make a speech
3 1/2 hours later

Finally, with a

Let's go as soon
as possible!

We're back!

Earth
Ready to make a speech?
Yes

Today let's discuss my friends

Ohh

clap

aliens are important
no food
no water

gasp

clap

gasp
3 Years Later

Do you Nick Joshua take Ryan Casey to be your wife?
I do.

Clap

Clap

Humans and aliens now have equal freedom!
Yay!
Yay!!
